Pursuant to the terms of that certain Master Time Charter Agreement dated May 1, 2007 between OWNER and CHARTERER (the "Master Agreement"), the premises and covenants of which the Parties hereto are familiar with and incorporate herein by reference, OWNER and CHARTERER agree as follows:

 - E. Port or Place of Redelivery: Fourchon, LA
2. Scope of Work: The Vessel will serve as a flotel for CHARTERER'S Titan platform.
3. Billing and Payment: Billing and payment shall be pursuant to the Master Agreement, except that payment terms for any fuel re-bills will be net 15 day terms.
4. Early Termination: Early termination of this Charter may occur as follows:
 - (a) In the event of a total or constructive loss, or seizure of the Vessel, the Charter will terminate immediately;
 - (b) In the event of Force Majeure (as defined in Article 14.1), CHARTERER may terminate the Charter if the event of Force Majeure causes a prolonged delay in OWNER's performance or interrupts operations and may reasonably be anticipated to continue for a prolonged period (whether a delay is prolonged will be determined by CHARTERER in the context of CHARTERER's operations, but a delay of 7 days is deemed to be prolonged); or
 - (c) Subject to the sixty (60) day firm requirement of this Charter and subject to the term of any fixed extension of the terms of this Charter, CHARTERER may terminate a Charter during its term for convenience and in its sole discretion by giving OWNER verbal notice of its intent to do so.

ATP- HOS Achiever Charter

4/10/2012

In the case of termination under this section, CHARTERER will owe no further obligations to OWNER other than the obligation to pay all undisputed amounts due for services rendered as of the date of such termination; however, early termination of a Charter will not relieve either Party from their respective obligations under the other provisions of this Charter or the Master Agreement.

5. Downtime:
(a) The Vessel shall be allowed up to 1 hour of downtime per day worked, per month. Only that portion of the day for which the Vessel was available for service to ATP shall be invoiced.
